## WHAT IS REBATE AND INCENTIVE FINDER?

The *E Source Rebate and Incentive Finder* is your all-in-one resource for finding energy-efficiency rebate and incentive information for any location in the U.S. and Canada. Offering nearly 3,000 individual program profiles that are updated on a semiannual basis, our database contains the most comprehensive information available today on energy-efficiency and demand-response offerings from leading electric and gas utilities, government agencies, and nonprofit organizations.

## WHAT CAN REBATE AND INCENTIVE FINDER DO FOR YOU?

- Saves you money by identifying opportunities to get paid for participating in demand-response programs
- Saves you time by not having to keep track of rebate information on your own
- Quickly and easily identifies rebates and incentives that can offset investment costs for new construction and retrofit projects
- Provides convenience by allowing you to save frequent searches and quickly see new programs as they are added

We offer more information about energy-efficiency and demand-response programs than any other tool, including programs for:

- Biomass
- Boilers
- Building shell
- Commissioning
- Controls
- Electric vehicles
- Energy management systems
- Geothermal
- HVAC
- Lighting
- Motors

The *Rebate and Incentive Finder* is your guarantee that you've maximized your investment in energy-efficiency and demand-response technologies by taking advantage of all available money-saving offers.
