

# SNIFF OUT SAVINGS

Dogs come to our rescue all the time. That's why it only makes sense to have them help us search for energy savings. Clyde knows that ENERGY STAR® qualified compact fluorescent light bulbs (CFLs) use three-quarters less electricity, generate 75% less heat, and last up to 10 times longer than incandescent lighting. Find more ways to sniff out savings at [GeorgiaPower.com](http://GeorgiaPower.com).
