

## ***E SOURCE Rebate & Incentive Finder***

The Rebate & Incentive Finder is your all-in-one resource for finding energy-efficiency rebate and incentive information for any location in the U.S. and Canada.

- Find rebates and incentives for new construction and retrofit projects quickly and easily.
- Save money by identifying opportunities to get paid for participating in demand-response programs.
- Save time by not having to track rebate and incentive information on your own.

The E SOURCE Rebate & Incentive Finder is a database of demand-side management (DSM) programs in the U.S. and Canada. Offering more than 1,400 individual program profiles that are updated on a quarterly basis, our database contains the most comprehensive information available today on energy-efficiency and demand-response offerings from leading electric and gas utilities, government agencies, and nonprofit organizations.

### **How It Works**

It's easy to use! Just submit your request through our online form. E SOURCE will screen for DSM programs that meet your criteria which can include:

- |                     |                       |
|---------------------|-----------------------|
| ■ Geographic region | ■ Service provided    |
| ■ Customer segment  | ■ Incentive type      |
| ■ Delivery channel  | ■ Eligible technology |

We'll deliver formatted, printable reports that provide an overview of each selected program, additional details on customer eligibility and program design, and links to program web sites and related materials such as brochures and customer applications.

### **Who Needs E SOURCE Rebate & Incentive Finder?**

Any business or organization looking to improve its energy efficiency and contribute to the bottom line can benefit from this service. The E SOURCE Rebate & Incentive Finder is your guarantee that you've maximized your investment in energy-efficiency and demand-response technologies by taking advantage of all available money-saving offerings. This service is included with *E SOURCE Energy Market Advisory Service* membership and is a special option for *E SOURCE Corporate Energy Managers' Consortium* members.

### **About E SOURCE**

E SOURCE has been providing leading-edge energy business intelligence to over 300 utilities and large energy users for more than 20 years. Our research analysts and consultants are among the best minds in the business, delivering significant and timely research that equips our customers with the right information at the right time to make better, faster decisions. We're in the know—predicting and addressing trends, technologies, and problems related to energy efficiency, utility customer satisfaction, program design, marketing, customer management, and sustainability.
