

Our Members

E Source member companies subscribe to one or more of our information services. All employees at a member company gain access to the materials we've created for the service or services the company subscribes to. Our members include:

Utility and Utility Holding Companies

Most of the 200 largest electric and natural gas utilities in North America subscribe to E Source services.

Other Types of Energy Service Providers

Many nonregulated energy service companies (ESCOs) are E Source members, as are a variety of manufacturers and suppliers of HVAC, lighting, building controls, and other energy-related products.

Commercial and Industrial (C&I) Energy Users

Many large C&I firms have joined the *E Source Corporate Energy Managers' Consortium*.

Government Agencies, Universities, Consultants, and Trade Associations

Our members include a broad spectrum of commercial and institutional laboratories, think tanks, and trade associations.

Please feel free to ask us whether your organization is a member. Send e-mail inquiries to esource@esource.com or call 303-444-7788. References gladly supplied upon request.
