

## Accelerating Change for Energy Efficiency and Renewables

### Using Education, Outreach, and Social Marketing to Move Markets

Register today to attend this innovative conference, where you can learn how to motivate your energy customers and constituents to seek out and embrace energy efficiency, renewables, and even demand response as new ways of living and doing business. With climate change at the forefront of people's minds, the time is right to capture their attention.

### Watch this video and don't get fried!

### Why should you attend this conference?

#### You need to increase program enrollment and you want to discover how to

- Bridge the gap between attitude and action
- Use new marketing techniques to reach residential and business customers
- Evaluate the effectiveness of education and outreach programs to reach your goals

#### You want to hear unique, knowledgeable speakers
