

Bill redesign with Nashville Electric Service

Consulting case study

May 6, 2021

Nashville Electric Service (NES) selected E Source to assist in redesigning its residential and business bills and to develop a request for proposal (RFP) to help the utility select a new bill-print vendor. The newly designed NES bills, while being more modern and visually appealing, address customer pain points.

Do you need help with a bill redesign project? Learn how [E Source Management Consulting](#) can help you meet your goals.
